

As required by Arkansas Department of Education Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts and by ACA 6-15-208, the Lake Hamilton School District hereby notifies its patrons and parents that the Arkansas State Board of Education has designated Lake Hamilton Primary School as Accredited-Probationary for the 2010-11 school year. The single violation for Lake Hamilton Primary School was identified as not meeting the requirement of 60 minutes of physical education instruction each week. This violation was an isolated incident in which health lessons were also taught by the physical education teachers thus slightly decreasing the amount of time devoted to physical education. This issue was resolved immediately and sufficient documentation has been provided to the Arkansas Department of Education. The Standards Assurance Unit of the Arkansas Department of Education usually conducts an on-site review at Accredited-Probationary schools to verify resolution of probationary violations for the previous school year.
