

Parents note:

First let me say congratulations for your daughter volleyball position!

Here are some things that you might need to know:

- 1. I have 5 teams of 6 players and there are more than 30 girls on this roster. That means that your child may not receive a uniform for every game.**
- 2. The girls must ride the bus to the games and if they are late they will be left. If you are late and choose to go to the Jamboree your daughter will not be able to play.**
- 3. You must sign out your child if you are going to bring them home with you. If they are going to ride home with another parent, I must have a note from you as they get on the bus to go to the game.**
- 4. The girls do not have to buy any equipment! They can get knee pads if they want them. They all need to wear maroon shorts and if they don't have any—a dark color will be fine.**
- 5. All of the girls have to stay in a group while we are in the gym.**

This is just the start of a volleyball program so we are just worried about court time and learning the skills of volleyball.

Thank you for your support,

Karen
